TO THE BUILDER'S NEEDS

VENMAR[®]
AVS
THE PROFESSIONALS' CHOICE

VENMAR AVS INTRODUCES ITS NEW CR12 HRV AND CR12 ERV

DESIGNED FOR A GREATER FLEXIBILITY AND QUICK INSTALLATION

Versatile and designed with the installer in mind, CR12 HRV and CR12 ERV can be installed quickly and easily in medium to large sized home.

- Reversible compact unit for greater installation flexibility
- No drain is required for the CR12 ERV
- Integrated "Snap-in" drain system installed in seconds with no additional parts to buy for the CR12 HRV
- Easy to balance with integrated dampers, pressure taps and hooks. Less risk of installing it incorrectly and letting cold air get inside the house
- ERV unit was tested at winter temperature to prove how high our performances really are
- Energy efficient, all to make final user save money

PART NUMBER	CR12 HRV	CR12 ERV
CFM at 0.2 in. w.g. / 0.4 in. w.g.	155 / 129	
Electrical consumption	62W	
Sensible recovery efficiency at 0°C	75%	
Apparent sensible recovery efficiency at 0°C	83%	
Sensible recovery efficiency at -10°C	-	75%
Sensible recovery efficiency at -25°C	60%	
Filtration	Merv 6	
Product dimension (in.) (WxDxH)	22 x 13.9 x 22.6	
Warranty on parts / core	5 years / Limited Lifetime	5 years / 5 years
Power cord length	6'	
Control compatibility	Lite-Touch, Deco-Touch, Constructo	
ENERGY STAR ^{®2}
